Delivering a high quality entrance for your home

Beautifully crafted doors

High quality finish

Performance hardware

Instant kerb appeal

The first impression of your home is your front door. With a Benchmark door you not only add instant kerb appeal to your property but you can enjoy all the added benefits that a modern composite door brings.

Using only the best quality components, Benchmark doors are designed and manufactured without compromise.

With a range of styles, from country cottage and Edwardian townhouse to more contemporary offerings, you can be sure to find the perfect door for your home.

Save money and the planet with a Benchmark door

Energy efficiency is important to all of us. We all want to be more energy efficient, to reduce our fuel bills and to protect the future of our planet. A Benchmark composite door is the perfect way to improve the energy efficiency of your home.

As standard, our doors without glazing panels enjoy an A+ rating while glazed doors carry a still comparatively impressive B rating. You will also see a U-value rating on all our doors which is a technical measurement of heat loss through a structural element. The lower the U-value the better the energy efficiency.

Colour options

Classic colours

All internal door colours are white or match the external door colour

Prestige colours

All internal door colours are white or match the external door colour

Quality **construction**

We are very proud that our doors are synonymous with quality and craftsmanship. A Benchmark door protects your property from the elements and your family from intruders. The Benchmark GRP door combines the very latest technologies to produce an industry leading product.

The GRP facing (Glass Reinforced Plastic) looks like wood but is unaffected by variations in temperature. When combined with a modern sub-frame, insulating core, modern outerframe and a fantastic hardware range, the Benchmark door delivers a high security, weather-tight door that will not bow, warp, crack, splinter or dent. Combined with side and top lights, a Benchmark door provides stunning looks that will add instant appeal to any home.

Strength and security

- High impact resistance fiberglass
- 44mm thick leaf for increased security
- Incorporating robust materials for increased strength
- Multiple hardware choices
- Excellent thermal efficiency

Suitability for a multitude of purposes

- Each door is made to order
- Ideal for both domestic & commercial properties

Benchmark **construction**

High density foam core

With 40mm of high density foam at its heart, your Benchmark door provides unbeatable thermal performance

GRP skin available in 33 colours and woodgrains

For long-lasting good looks and durability, Benchmark doors use a GRP skin that is both hard wearing and low maintenance

Part M compliant threshold option

Not only ideal for wheelchair access, the low threshold of a Benchmark door means easy access for everyone

Reinforced PVC-U door frame

Due to the reinforced PVC-U frame, your Benchmark door meets unrivalled standards in security with very little maintenance

Hardware **options** see p32

Browse our exclusive range of stunning door furniture and hardware for the perfect finish to your chosen door on **page 32**.

A Sweet Premium Upgrade and a Secured by Design Upgrade are also available - see **page 33** for more details.

Security **guarantee**

Upgrade to our comprehensive ERA Five Star Guarantee to provide exceptional security and peace of mind.

With our partners ERA, we provide a 5 star guarantee against forced door entry for up to 10 years and our upgrade meets with Secured by Design, which is the Police preferred specification.

- ★ 24/7 help when you need it
- ★ Up to £1,000 home insurance excess paid
- ★ Up to £1,000 towards a repair or replacement
- ★ A £1,000 cheque to compensate you
- ★ Savings on the cost of your home insurance

*Full T&C's of ERA's Five Star Guarantee available separately.

Ultion Upgrade ^{10 year}

The Ultion range offers the ultimate security to your home. Using uniquely patented Snap Secure technology, Ultion is anti-snap, pick, drill and bump resistant, and is easy to fit with no additional prep and no need for cylinder guards or security handles. Ultion is 3 star rated straight out of the box, with a lock down mode that activates an attack lock directly into the central cam, keeping an intruder out whilst still being unlockable from the inside - keeping homes and families safe.

Ultion locks are continuously tested; having passed the Sold Secure Diamond Test, it has not yet been beaten. And with the attack lock being housed in Molybdenum, one of the best superalloys in use today, it's little wonder that Ultion has been described as having transformed the door market.

ULTION

Thumbturn
option available

Enters Lock Down Mode
when it detects attack

3 Star TS007 Test rating,
Sold Secure Diamond rating

Over 294,000 combinations
produced by 11 pins

Double anti-snap protection, with 6
hardened steel rods and two plates
in both ends

The £1,000 Ultion Snap Guarantee

Ultion are offering a FREE 10 year guarantee to homeowners - just register at www.ultion-lock.co.uk within 28 days of installation, and if your home gets burgled as a result of your Ultion lock getting snapped in the following 10 years, you will receive £1,000.

Cap
your
keys

Track
your
keys

Very few things go with us everywhere, our keys do. Keycap makes your keys look great and feel much more comfortable whether in your pocket or your hand. A wide variety of colourful caps are available, including glow in the dark options so they are easier to use at night. Keyring brings all the benefits of Keycap with built in bluetooth. Track or activate the alarm in your keys from your phone and you'll never lose them again!

To order additional keys, please contact Ultion on 0115 784 3162.

Low E, energy efficient glazing

Glazing in a GRP composite door will always reduce its thermal efficiency, but by installing our Low E option wherever possible, we can help negate that effect, which is better for the environment and better for your pocket.

Delivered **on time, in full**

You can trust us to deliver

We measure our success in accurately providing what you ordered, quickly and on time. Our Benchmark door range is bigger and better than ever before and a quick turnaround is what we strive for. Remember: keep us informed if you are planning a large project and we will make sure we have everything you need in stock.

Ordering from us (Available to Trade Customers only)

To place your order with us:

Phone : **01623 275030**

Email : **info@solarcalibre.co.uk**

Online : **doors.solarcalibre.co.uk**

Be sure to have your account number handy when making your order, so we can find your business details quickly on our system.

Frame, sill & threshold **options**

To complete your door choice

Often it is the finishing touches on a project that make all the difference. To achieve the perfect look for your home, Calibre offer a choice of frame, threshold and sill options.

Frame **options**

With our standard Chamfered frame style, you may select from a range of colours and woodgrains to individualise your door.

Multi-chambered outer frame an energy efficient, clean modern style

- **Multi-chamber profile**
Our multi-chambered frames give impressive thermal performance as standard. With eight chambers, our profile will keep the entrance to your home warm and secure
- **Environmentally friendly frames**
Lead free profile and plastic thermal reinforcements (PTRs) are both thermally efficient and incredibly strong with the added bonus of being light and quick to install
- **Triple sealed**
Unlike other frames, our innovative system uses three gaskets to reduce heat loss and improve weather-tightness
- **Secure construction**
With 72% better screw retention than through steel, PTRs offer more secure fixing of hardware keeping your door rigid, stable and secure

Frame **colours**

Door sizing options

Our door sizes are dependant on the style you choose but most follow the sizing options below. A wide range of frame extenders and panels may be added for non-standard apertures.

Door style: Moorgreen, Butterley, Kingston, Derwent, Amber, Dove, Ecclesbourne, Erewash, Carsington, Lathkill, Beeston and Dearne.

	Width				Height			
	Min (Narrow)	Min (Std)	Max (Narrow)	Max (Std)	Min (Narrow)	Min (Std)	Max (Narrow)	Max (Std)
Standard aluminium threshold	804mm	840mm	984mm	1020mm	1959mm	1978mm	2069mm	2088mm
Part M Low aluminium threshold	804mm	840mm	984mm	1020mm	1953mm	1971mm	2063mm	2081mm
Low PVC-U	804mm	840mm	984mm	1020mm	1980mm	1999mm	2090mm	2109mm
Full PVC-U frame (standard PVC-U)	804mm	840mm	984mm	1020mm	1999mm	2015mm	2109mm	2125mm

Door style: Wye, Speedwell, Repton, Farndon, Milton, Sandhill, Hilton, Alport, Trent and Ogston.

	Width				Height			
	Min (Narrow)	Min (Std)	Max (Narrow)	Max (Std)	Min (Narrow)	Min (Std)	Max (Narrow)	Max (Std)
Standard aluminium threshold	681mm	717mm	984mm	1020mm	1959mm	1978mm	2069mm	2088mm
Part M Low aluminium threshold	681mm	717mm	984mm	1020mm	1953mm	1971mm	2063mm	2081mm
Low PVC-U	681mm	717mm	984mm	1020mm	1980mm	1999mm	2090mm	2109mm
Full PVC-U frame (standard PVC-U)	681mm	717mm	984mm	1020mm	1999mm	2015mm	2109mm	2125mm

Door style: Shardlow

	Width				Height			
	Min (Narrow)	Min (Std)	Max (Narrow)	Max (Std)	Min (Narrow)	Min (Std)	Max (Narrow)	Max (Std)
Standard aluminium threshold	681mm	717mm	984mm	1020mm	1959mm	1978mm	2069mm	2088mm
Part M Low aluminium threshold	681mm	717mm	984mm	1020mm	1953mm	1971mm	2063mm	2081mm
Low PVC-U	681mm	717mm	984mm	1020mm	1980mm	1999mm	2090mm	2109mm
Full PVC-U frame (standard PVC-U)	681mm	717mm	984mm	1020mm	1999mm	2015mm	2109mm	2125mm

NB The above heights do not include a sill, please add 35mm to each if a sill is required

Threshold options

You have a choice of thresholds from Benchmark. The standard offering is an aluminium threshold with a height of 25mm.

The low aluminium threshold is just 15mm high and creates a low step when your door is open. The low threshold is suitable for disabled and wheelchair access and is Part M compliant.

The standard PVC-U threshold provides a four sided door frame. When your door is open you will have a deeper frame to step over. However, the PVC-U option provides the tightest and most thermally efficient weather seal as the door sits behind the frame on all four sides.

Sill options

Benchmark doors can be specified with a 150mm PVC-U sill

Benchmark doors can also be specified with a choice of 3 timber sill sizes:

- 94mm Stub Sill
- 150mm Sill
- 174mm Sill

Benchmark external doors – maximum choice, style and security

The Benchmark GRP door range offers design solutions to accommodate all your requirements and a style to suit every home, providing quality backed by service that is second to none.
